Summary

I'm a Front-end developer with enthusiasm for creating attractive and functional web applications. I'm always open to learning new technologies and advancing in the field of web development. My goal is to create convenient, efficient, and aesthetically pleasing interfaces that enhance user experience. I'm dedicated to my profession and ready to contribute to a team where I can develop my skills and grow professionally. Also I have strong analytical skills, able to work with technical information, drawings etc. Effective under stress and able to work in a team, active and fast at decision-making. Easily adapting to a new situation and a fast-learner.

Front-End Skills

HTML	CSS/SCSS	JavaScript
React	Redux/Redux-Toolkit	React Query
Fetch	Axios	Rest API

Back-End Skills

Node.js	Express	Mongoose
JWT	Bcrypt	Nodemailer

Tools

Gulp	Webpack	Vite
Parcel	Eslint	Prettier
Figma	Photoshop	Git

Languages

English	Upper-Intermediate
Ukrainian	Native

Experience

I completed a 6-month JavaScript development apprenticeship at Okten school with high honors. Also completed many Udemy online courses such as 'The Ultimate React Course', 'The Complete JavaScript Course', 'Build Responsive Real-World Websites with HTML and CSS' etc. By using all these knowlage and skills I developed many projects, some of them you can find in my portfolio.
